After the UFT's October 2023 Delegate Assembly where a controversial resolution regarding the Israeli-Palestinian upheaval was debated, Amy Arundell was informed she was temporarily reassigned. She allegedly spoke out on a resolution that sought to condemn "the unconscionable terrorist attack by Hamas on Israel" (quote from the resolution that was passed by the body).

Colleagues believe that Arundell advocated for an inclusive narrative to embody the voices of all teachers and student bodies, including those with pro-Palestinian viewpoints.

They believe that Arundell has been temporarily reassigned from her position as Queens Borough Representative as a result of this advocacy. Arundell's "interim" replacement, Vice President of Middle Schools, Rich Mantell, was purportedly the individual who advanced the controversial resolution.

CAIR-NY urges the public to sign this petition addressed to President Michael Mulgrew, expressing support for Amy's reinstatement as UFT Queens Borough Representative.
